Make up your design for the 1990  
NUTS medal and bring to the  
meeting.

MEMBERSHIP DUES: If you haven't paid your 1990 dues, be sure to send them in or pay at the February meeting. It is quite a bargain considering the Token Hunter and all of the other club benefits. The 1990 dues are \$9.00 for single membership and \$13.00 for families.

The Wagon Masters would like us all to be thinking where we would like to go this coming year on the digs. They need your input to make these trips successful. Also, what tokens/coins would you like to see at the monthly raffle? They will take a few minutes at February's meeting to discuss both these subjects, so be thinking about it.

We'd like to welcome the following new members:

Bill Kos, Brigham City, UT  
Jolene Henderson, West Valley City, UT

# FROM THE PRESIDENT

How the time does fly  
January has come and gone  
and now February is almost over  
soon we'll bid adieu to cold weather  
Then we can unleash our detectors  
Break out our shovels and screens  
To find those tokens, coins, and rings

Do you have questions about your detector or which one you should buy? Then be sure to make this month's meeting. Metal detector expert Chuck Morris will be our speaker. Chuck sells Whites, Teknetics, Bounty Hunter, Garrett, Compass, and Fisher. He also has gold panning equipment.

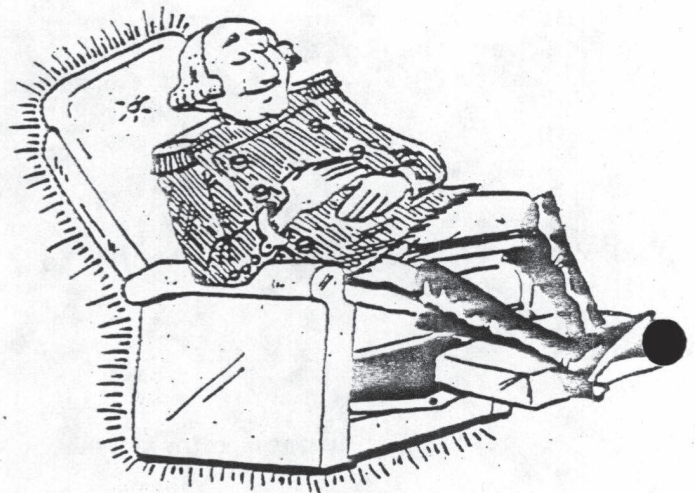

Last month's speaker Marlow Peterson did an excellent job in covering machine made marbles. He had some beautiful displays and slides of the various marbles that he has. He is a good speaker and knows his marbles. Thanks Marlow, for an interesting evening. Marlow and Larry Castle coauthored "Collectable Machine-Made Marbles."

Bring your design for the 1990 NUTS medal to this month's meeting. We will be voting on the best design which will be used on the NUTS club medal. Maybe we can come up with some kind of prize or award for the winners.

We as members of the National Utah Token Society and the Utah Numismatic Society have a great opportunity to expand our knowledge of tokens, coins, and different collectables which we have as subject matter at our monthly meetings. We, as individuals should take advantage of these opportunities and become involved in the NUTS, UNS, and the other organizations and get to know other people with other hobbies and interests. If your aren't coming out to the meetings, you are missing some good times, interesting people, and an opportunity to learn more about our hobbies.

Remember, attendance at the monthly meeting means one more ticket at the Christmas dinner and the promptness prize each month.

Byron

SPECIAL NOTE: The two tokens with the name of Chas. Downing, was found in the Park City trash pile, by Ray Wortley, in 1971. The only token from Park City which does depict the amount of 15¢. Unique in design also.

DUDLER BEER HALL, Between 1 and 2 S.listed in Salt Lake City for year of 1874

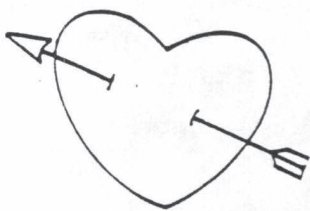

SPECIAL NOTES: According to the information in the book "My Treasure Mountain Home", it states a brewery was in operation,at the time of the great fire in Park City, in 1898.According to the licenses issued to Joseph Dudler, this wasn't possible that a brewery or a saloon did exist under his name. Records show that John Frenton did operate a saloon their prior and after the great fire of 1898, but in the City Hall records,it gives no mention of a license being issued to anyone their at the time to operate a Brewery.

IMPRESSION: My personal thoughts would be that Joseph Dudler did not operate a Brewery in Park City.As with Park City always being plagued with fires, such a location on Main Street,would create a fire hazard situation. I do beleive that he was a agent for the CALIFORNIA BREWERY COMPANY,thereby he did store in his basement,probably large amounts of Beer & Liquors.
